

About Eon Instrumentation Inc.– Since 1961

Eon is a veteran owned multi-million dollar business that designs and manufactures military qualified products for airborne, shipborne, and ground vehicle platforms. These products include Analog and High Definition Digital Video Systems (splitters, converters, selectors, cameras, monitors and recorders); Interference Blanker Units; Rugged Power Supplies; Audio Amplifier Systems; and System Engineering Programs. Eon develops products for customers worldwide. To support growing UK, Europe and India business Eon has partnered with London based Photo-Sonics International, to be a full service distributor and marketing representative for Eon's products.

Commented Dr. Jim Winchester, Eon's President and CEO: *"Our Distribution Agreement with Photo-Sonics, a well-established and recognized distributor in the United Kingdom, Europe and India, will provide our existing and new customers with regional resources to discuss Eon's products and solutions".*

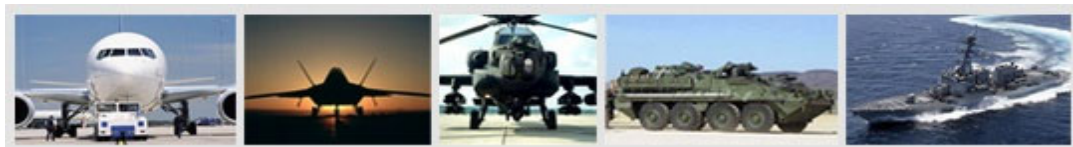

About Photo-Sonics International Ltd – since 1973

Photo-Sonics International Ltd. Is a wholly-owned subsidiary of Photo-Sonics Inc. USA and are a leading UK supplier for range and flight-test instrumentation. Photo-sonics has accumulated over 30 years' experience in specialized instrumentation and can offer products and solutions for data acquisition and recording, data telemetry, analog and digital video systems, interference blankers, audio distribution systems, motion analysis, precision timing and video insertion.
