Eon Records Record Growth in 2021 Despite Covid and Supply Chain Impacts

Volume 7.1 | January 2022

Eon Instrumentation Inc is pleased to report that despite a year challenged by Covid and supply chain issues it experienced growth in key financial metrics for 2021 over 2020.

Total Bookings Up 40%

Total Revenue - Up 5%

New Products Introduced - 7

These results will be enhanced in 2022 by new programs underway in all Eon product categories and the recent acquisition of the Instrumentation Technology Systems (ITS) product lines

About Eon Instrumentation --- Since 1961

Eon is a veteran owned multi-million-dollar business that designs and manufactures military qualified, industrial, and rugged commercial products for airborne, shipborne, and ground vehicle platforms. These products include Analog and High Definition Video Systems (splitters, converters, selectors, cameras, monitors and recorders); Blanking Control Systems; Power Supply Systems; Audio Amplifier Systems; Space and Missile Systems; and Instrumentation Technology Systems (HD-SDI Video Recorders; Time Code Generators; Inserters; Controllers). Eon's customers include direct contracts with all US Military Departments, Major Primes (e.g. Lockheed Martin, Boeing, General Dynamics, L3Harris, Raytheon, Northrop Grumman, BaE) and International Aerospace/Defense organizations (The Airbus Group, Embraer, Thales Group, Elbit Systems, UK Defense).
